SUMMARY

I'm a Senior Software Engineer based in Cairo, specialised in Flutter mobile apps, PHP/MySQL web systems and interactive e-learning content. For over 18 years I have delivered large-scale educational platforms and digital transformation projects for ministries of education in Egypt, Kuwait and Saudi Arabia. I lead teams, manage Agile/Scrum projects and focus on optimised solutions that improve performance and user engagement. Beyond code, I train teachers on digital tools and build assessment systems that save real time in the classroom.
